

SAFE CARE®

Industrial Cleaners, Solvents & Specialty Products

SAFE CARE® Stainless Steel Cleaner

DESCRIPTION: *SC-Stainless Steel Cleaner* primarily contains non-ionic surfactants along with an organic solvent that is safe to use on all ferrous, stainless steel counters, appliances, equipment and fixtures. The powerful micelle cleaning action of *SC-Stainless Steel Cleaner* will cause long chain hydrocarbon soils including food fats, greases, oils, and sugars to repel from the surface so that it can be rinsed away with water. When used in meat processing plants, *SC-Stainless Steel Cleaner* safely cleans blood and animal waste without the use of harmful sanitizer and killing agents. *SC-Stainless Steel Cleaner* does not contain abrasives or ozone depleting VOCs. *SC-Stainless Steel Cleaner* complies with:

- GSA SIN 375-361 & 375-363
- OSHA 29-CFR Ch. XVII 1910.1200 and 40 CFR Ch. 1, Subparts C & D
- USEPA 600, 4-90, 027 for aquatic toxicity
- USEPA 601 & 602 for VOC testing

INSTRUCTIONS: Wipe-off loose soils, then spray or sponge apply *SC-Stainless Steel Cleaner* to remove soils from all stainless steel surfaces and rinse as necessary. To reduce cleaning effort, allow the solution to dwell for 1 – 2 minutes, agitate if necessary, and rinse with warm water. *SC-Stainless Steel Cleaner* may also be used on plastic laminate, vinyl, cutting boards and porcelain.

Dilution Ratio:	Difficult Cleaning	100% - 70%
	Moderate Cleaning	50% - 20%
	Light Cleaning	10% - 5%

BASIC PROPERTIES:

Appearance:	Clear, slightly viscous, light amber liquid
Odor:	Mild surfactant
Water Solubility:	100%
Boiling Point:	100°C (212°F)
Flash Point:	None
Specific Gravity:	1.0017
Relative Density:	Greater than water
pH Range:	10.2 – 10.5

SAFE CARE® PRODUCTS ARE:

- Non-toxic
- Non-reactive
- Non-carcinogenic
- Readily biodegradable
- Derived from renewable resources
- Safe to use, store and dispose of

SAFE CARE® PRODUCTS DO NOT CONTAIN:

- Petroleum distillates
- Glycol ethers
- Terpenes
- Synthetics
- Builders & reagents
- Caustics

The information contained herein is believed to be correct including test data conducted under controlled laboratory conditions. Users of **SAFE CARE** products should perform their own test(s) to determine the suitability of the product for their specific application(s). For questions: techsupport@gemtek.com
