

SAFE CARE®

Industrial Cleaners, Solvents & Specialty Products

SAFE CARE® *Steel Bright Polish*

DESCRIPTION: *SAFE CARE® Steel Bright Polish* is a blend of vegetable oils along with a plant-based solvent to create a unique compound that cleans while it leaves a “like-new” finish. *SC-Steel Bright* is a food grade cleaner designed for use on stainless steel and most other metal surfaces such as chromium, aluminum, zinc, mild steel, brass, copper and silver. A light application of *SC-Steel Bright* will leave a protective coating to help retard tarnishing and restores the metal surface to a brilliant shine without hard rubbing and polishing. *SC-Steel Bright* is an ideal replacement for traditional petroleum-based mineral oil cleaners or polishing agents. *SC-Steel Bright* complies with:

- OSHA 29-CFR Ch. XVII 1910.1200 and 40 CFR Ch. 1, Subparts C & D
- USEPA 600, 4-90, 027 for aquatic toxicity
- USEPA 601 & 602 for VOC testing

INSTRUCTIONS: Recommend cleaning the surface from heavy soils using warm water and a non-caustic surfactant such as *SC-Stainless Steel Cleaner* before application. The surface should be dry before applying *SC-Steel Bright*. Smoothly apply to the surface with a clean soft cloth in the direction of the grain. To avoid bubbles or haze, do not wipe forward and backward. Shake well before use.

BASIC PROPERTIES:

Appearance:	Clear, viscous amber liquid
Odor:	Vegetable oil
Water Solubility:	0%
Boiling Point:	>304°C (580°F)
Flash Point:	>150°C (300°F)
Specific Gravity:	0.88
Relative Density:	Not tested
pH Range:	Not tested

SAFE CARE® PRODUCTS ARE:

- Non-toxic
- Non-reactive
- Non-carcinogenic
- Readily biodegradable
- Derived from renewable resources
- Safe to use, store and dispose of

SAFE CARE® PRODUCTS DO NOT CONTAIN:

- Petroleum distillates
- Glycol ethers
- Terpenes
- Synthetics
- Builders & reagents
- Caustics

The information contained herein is believed to be correct including test data conducted under controlled laboratory conditions. Users of **SAFE CARE** products should perform their own test(s) to determine the suitability of the product for their specific application(s). For questions: techsupport@gemtek.com
